

# CONCRET CHAIR

## Product Data Sheet

The Concret Chair's curved form lends comfort and ergonomic design. Escofet's proprietary Slimconcrete® material creates a chair that looks airy and light but still provides the strength and durability of concrete. The chair has a cast aluminum structure and is available with or without arms.

### Bench

- The Concret Chair is constructed of UHPC Slimconcrete® (see below for further information) with cast aluminum supports.
- Cast aluminum supports come standard with a silver textured finish.
- Chair is available with or without arms.
- The chair must be surface mounted.

### Material

- Slimconcrete® is the trademarked name used by Escofet for its ultra-high performance cast stone, a recipe in which the aggregate contains reinforcing elements such as fiberglass, PVC (polyvinyl chloride), or PVA (polyvinyl alcohol.)
- Slimconcrete® is a highly engineered material that enables casting of lighter weight, thin-profile forms with exceptional strength and high resistance to compression, bending, impact and wear.
- It has spurred experimentation with form and the creation of cast concrete products with novel structural and aesthetic qualities.
- The colors of Escofet cast stone products are neutral, muted and earth-toned and are derived from the aggregates used in casting.
- No color is added in manufacture and no color is applied to finished products.
- The color range of every Escofet cast stone product is pre-determined by the formulation used in its manufacture.
- Slimconcrete® products do not require any specific maintenance during their estimated lifespan of more than 30 years.
- Water absorption and freeze-thaw cycles can cause weathering, a reproduction of the process that takes place in natural rock.
- Escofet applies a waterproof finish to its products to protect against this process.
- Escofet cast stone products are large and heavy.
- Shipping, receiving, staging and installing these pieces is more akin to handling large statuary or pre-fabricated architectural elements.
- See installation guide for important information.

|  |           | DEPTH | LEGHTH | HEIGHT | PRODUCT WEIGHT |
|--|-----------|-------|--------|--------|----------------|
|   | no arms   | 35"   | 26"    | 33"    | 227 lb         |
|  | with arms | 35"   | 26"    | 33"    | 233 lb         |

## Product Data Sheet

### Product Warranty

- ESCOFET warrants the durability of its product to Landscape Forms for a period of five (5) years from the date of invoice.
- The warranty covers the repair or replacement of the product or components at no charge.
- Notwithstanding, this warranty does not cover damages to ESCOFET products resulting from unloading; handling; installation; abuse; exposure to paint, liquids or corrosives; or any other damage not attributable to ESCOFET.
- The warranty shall also be void if ESCOFET products are tampered with, handled, removed or modified by persons not authorized by ESCOFET; or if the product has not been properly maintained by the customer.

### To Specify

- To order bench, specify Concret Chair, with or without arms and standard color.
- Chairs are anchored to ground with screws.
- See materials/color sheet for Escofet's standard color options.
