

Product Data Sheet

Designed for commercial environments, Equinox features a sturdy aluminum frame and single-piece pole. Nylon-lined center hub makes operation easy; air vent releases gusts of wind. Sunbrella® marine-grade fabric cover is lock-stitched with double seams for added strength.

Equinox

- Equinox umbrella frame is extruded aluminum, joined by stainless steel pins at pivot points.
- Frame and single-piece pole are finished with Landscape Forms' exclusive Pangard II® polyester powdercoat, a hard yet flexible finish that resists rusting, chipping peeling and fading.
- Call for a standard color chart.
- Sunbrella® marine-grade, 100% solution-dyed fiber is treated for a high degree of fade-resistance, is mildew proof and meets California Technical Bulletin #117 Section E (CS-191-53).
- All fabric umbrellas are subject to damage from high winds; we recommend lowering Equinox at night and in windy conditions.

Options

- Surface Mount
 - Stand includes two stainless steel bolts to hold the Equinox pole in place and must be used when Equinox sun shade is not mounted to a Landscape Forms table.
 - Anchoring hardware not included.
- Sunbrella Colors
 - Standard colors from left: Forest Green, Natural and Tuscan.
 - Optional colors may be specified for an upcharge.

To Specify

- Select Equinox 8-foot umbrella, and powdercoat color for frame and pole.
- Choose Forest Green, Natural and Tuscan Sunbrella marine-grade fabric color; specify plain or valanced-edge.
- Options include silk-screening the valance and optional Sunbrella colors.
- Umbrella must be mounted to table support.
- Specify surface mount stand if used without a table.

Other

Best of NeoCon & ADEX Platinum Awards
U.S. Patent No. D410,142.
