

Northport Litter

landscapeforms®

Product Data Sheet

Northport Collection litters feature a refined profile and sculptural curvature that echoes the modern reinterpretation of traditional American design found throughout the collection. The litters are available in top or side opening styles, and feature cast aluminum legs, cast aluminum upper and lower rings, rotomolded bodies and liners, and cast aluminum lids. Each style has a large 30-gallon capacity. Northport litters can be either freestanding or surface mounted.

Litter Receptacle

- Northport litters are available in either top-open or side-open styles.
- Each litter style is a 30-gallon capacity.
- Black polyethylene liner ships with each unit.
- Litter is comprised of cast aluminum frame and lids.
- Litters can be specified with a freestanding/surface mount support.
- All units are shipped with freestanding glides.
- Unit bases include holes for surface mounting.
- Northport litter ships fully assembled.

Finishes

- All metal is finished with Landscape Forms' proprietary Pangard II® polyester powdercoat, a hard yet flexible finish that resists rusting, chipping, peeling and fading.
- A wide range of standard, optional and custom colors are available.

To Specify

- Specify Northport litter and select style (side or top open). Choose powdercoat color for frame/lid (litter liners come standard black). Mounting style is freestanding /surface mount for all styles. Northport litters ship fully assembled.
