Material / Colors Sheet

Powdercoated Metal

Urbidermis luminaire and mounting brackets are powdercoated using a thermal coating finish with C3 anti-corrosive protection.

Urbidermis luminaire and mounting brackets, in addition to the poles, can be specified with Landscape Forms' Powdercoated Metal Pangard II® Polyester Powdercoat.

The Powdercoated Metal Pangard II® Polyester Powdercoat is a hard, yet flexible, finish that resists rusting, chipping, peeling and fading. In addition to colors shown, a wide selection of optional and custom colors may be specified for an upcharge.

- * Luminaire and mounting brackets colors shown are the color options offered from Urbidermis.
- ** All colors and patterns shown are approximate and may vary from sample and final.
- *** Mercury from Landscape Forms is our recommended color match for Aluminum Silver from Urbidermis Santa & Cole.

*Visit landscapeforms.com for more information. Specifications are subject to change without notice. Landscape Forms supports the Landscape Architecture Foundation at the Second Century level.
